PECOS VALLEY REHABILITATION SUITES

**WEEKLY UPDATE**

**June 15, 2020**

Dear Residents and Families/Representatives,

As of today, our facility continues to be proud to report no confirmed cases of COVID-19. Our staff continues to practice the enhanced safety precautions we have previously reported to you through our website and we are closely monitoring the recommendations of our federal, state and local health officials regarding all aspects of COVID-19 from mass testing to visitation recommendations.

In fact, as New Mexico loosens COVID-19 restrictions throughout the state, many people are asking when they will be able to visit their loved ones. At this time, the Centers for Medicare and Medicaid Services ("CMS"), the Centers for Disease Control ("CDC") and our state health officials are still requiring we restrict social visitation and only allow essential personnel in the facility. Please understand these restrictions are in place to reduce the risk of transmission of COVID-19 in our facility and to keep our residents safe. The New Mexico Department of Health is discussing plans to slowly lift restrictions, but at this point has not provided further guidance on a formal date or plan.

We understand how difficult it has been to not see and visit your loved ones over the past several months and we appreciate your patience and understanding during this time. Until it is safe to allow visitors, please remember that we encourage you to stay in touch with your loved ones through FaceTime, emails, letters and phone calls. Please let us know if you are having trouble connecting with your loved one and we will be more than happy to facilitate your communication.

Please remember to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 575-623-6008.

Sincerely,

Ian Peterson  
Administrator
